Global Quality Solutions

SITE MIX · JAN-SEP 2026

LCBTH leads hours; BANGN leads missions.

69.5% 20.0% 10.6%

LCBTH

Service hours	188,739
Share of hours	69.5%
Customers	20
Missions	76
Hours / mission	2,483
Mgmt fee days	2,004
Per-piece units	5,985
Sep vs Jan hours	+30%

LCBTH = scale

Ford + AutoAlliance + Mitsubishi port/plant inspection. ~2,500 hrs per mission; only 10 hosts.

BANGN

Service hours	54,235
Share of hours	20.0%
Customers	53
Missions	140
Hours / mission	387
Mgmt fee days	1,200
Per-piece units	23,533
Sep vs Jan hours	+96%

BANGN = breadth

140 missions, 53 customers, 70% of per-piece units. Many short sorting jobs (~390 hrs/mission).

AMATA

Service hours	28,687
Share of hours	10.6%
Customers	31
Missions	45
Hours / mission	637
Mgmt fee days	663
Per-piece units	4,160
Sep vs Jan hours	+35%

BANGN = growth

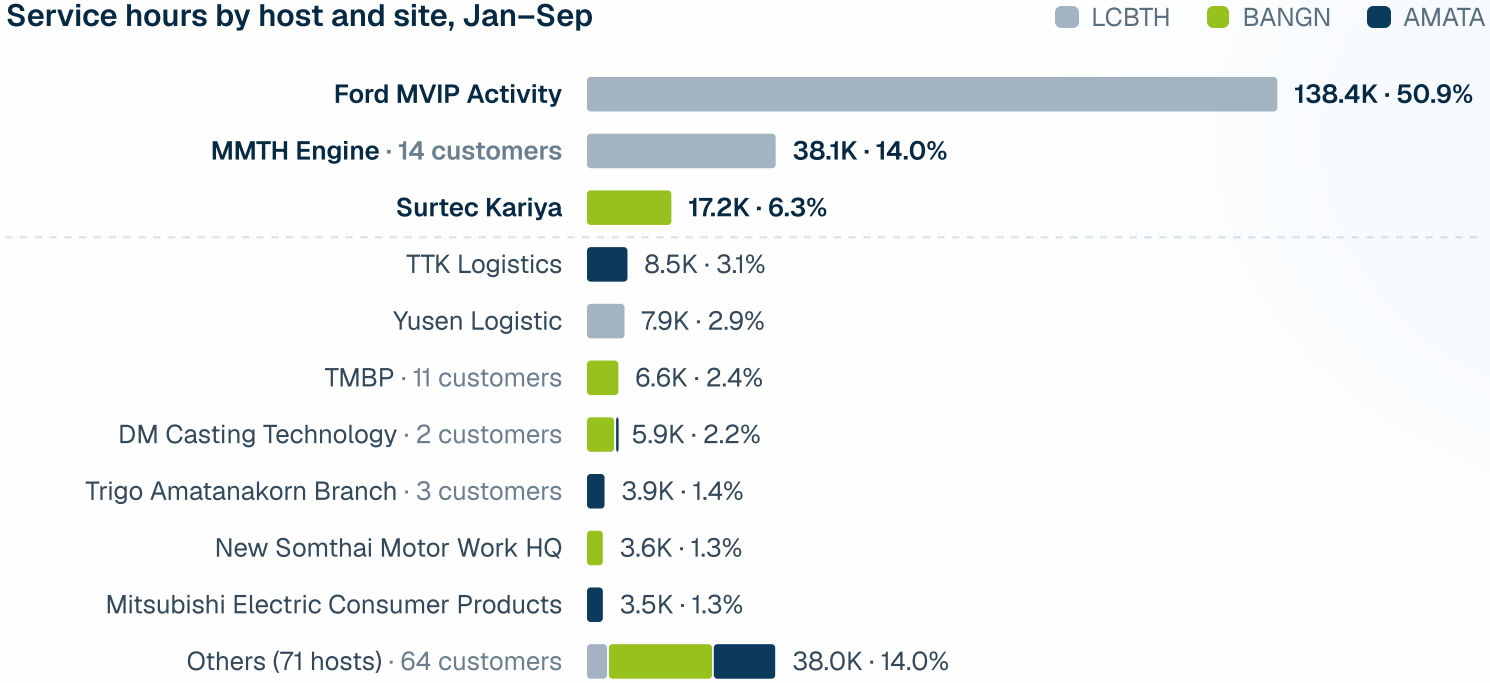

Hours up 96% from Jan to Sep, the fastest growth of the three sites.

TRIGO
Global Quality Solutions

CUSTOMERS & HOSTS

Three major hosts account for 71% of service hours.

Service hours by host and site, Jan–Sep

HOST HIGHLIGHTS

51% Ford MVIP activity: 138.4K h across the Ford and Auto Alliance plants

14 Customers at MMTH Engine: largest host, 38.1K h; TMBP serves 11

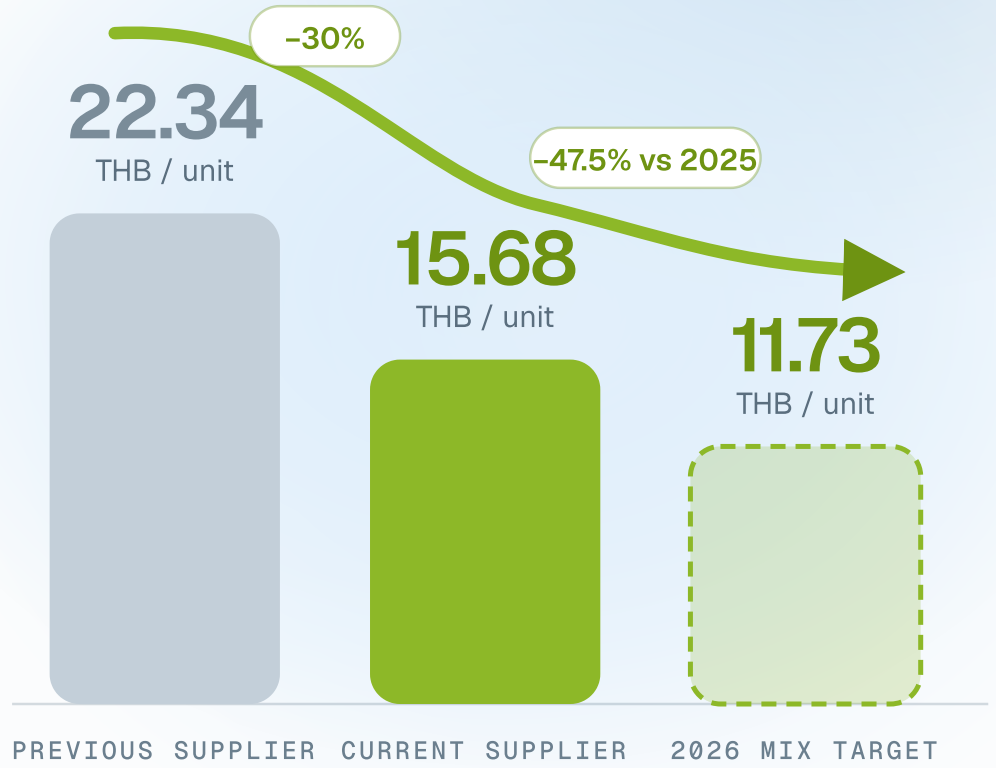

4.5× Yusen Logistic growth: 331 h in Jan → 1,488 h in Sep

TRIGO
Global Quality Solutions

NON-RAYONG OVERVIEW 2026

Cost reduction.

A new beverage supplier, and a 2026 drink mix that lowers the cost per unit.

TRIGO
Global Quality Solutions

COST REDUCTION / BEVERAGE SUPPLIER

Supplier change reduced **unit cost by 30%.**

Lower purchase cost, with the monthly operating trend kept in view.

PREVIOUS SUPPLIER

22.34 THB / unit

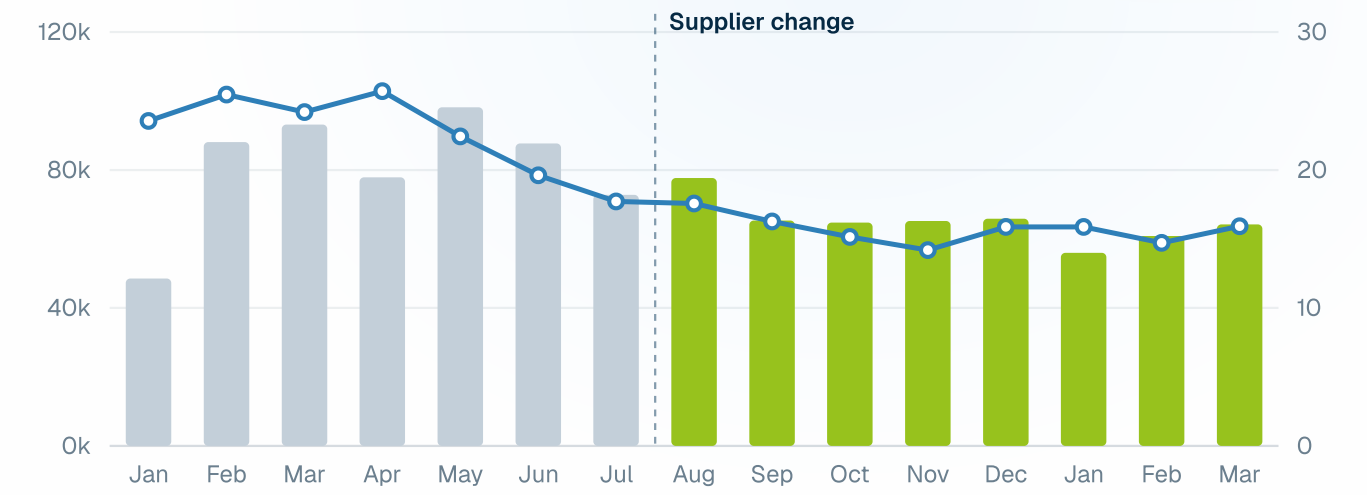

Monthly avg. 80,899.75 THB

CURRENT SUPPLIER

15.68 THB / unit

Monthly avg. 64,983.03 THB

Total cost and cost / HC

Monthly sequence as supplied · Supplier change from Aug onward

TRIGO
Global Quality Solutions

COST REDUCTION / BEVERAGE DISTRIBUTION

2026 drink mix cuts **unit cost by a further 25.2%.**

Redistribute the beverage mix and introduce herbal drinks and tea.

BEVERAGE ALLOCATION	Y2025	Y2026
Electrolyte drink	21%	50%
Soft drink	53%	14%
Energy drink	21%	15%
Ready to drink coffee	8%	7%
Herbal drink New	-	7%
Tea New	-	7%

EXPECTED COST / UNIT

11.73

THB / unit

3.95 THB saved per unit
15.68 – 11.73 = 3.95

25.2% below current supplier
3.95 ÷ 15.68

TOGETHER: SUPPLIER CHANGE + DRINK MIX

22.34 → 15.68 → 11.73 THB / unit

–47.5% from 2025 (–10.61 THB per unit)

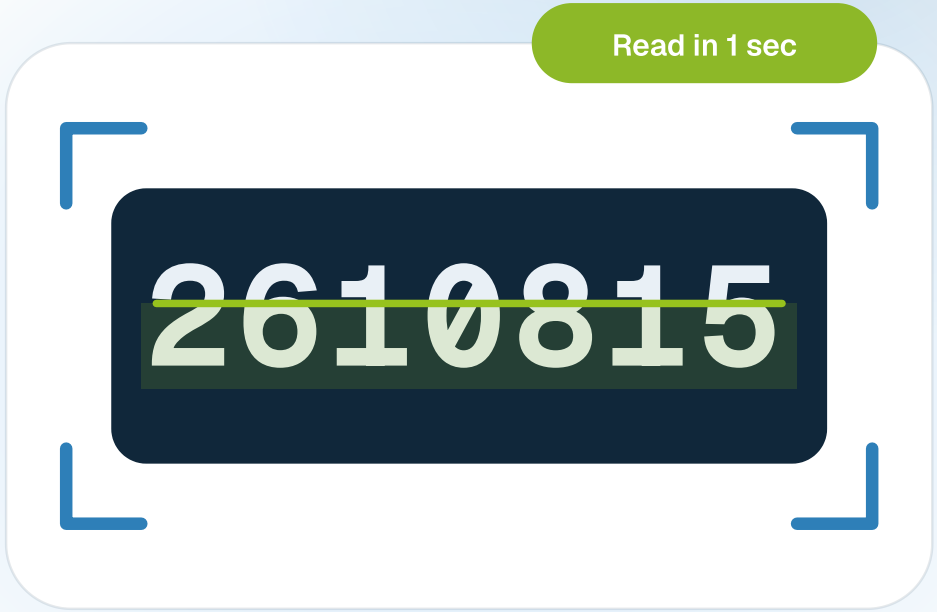

Source check required: 2025 electrolyte allocation is 21% in the table but 18% in the source pie. 2025 table totals 103%; all supplied allocations are retained pending confirmation.

TRIGO
Global Quality Solutions

NON-RAYONG OVERVIEW 2026

Operation excellence.

Handheld OCR, a hybrid online and offline workflow, and four poka-yoke controls.

TRIGO
Global Quality Solutions

OPERATION EXCELLENCE / HANDHELD OCR

Handheld OCR replaces manual serial-number recording.

Read part serials with handheld OCR and automatically record inspection data in Google Sheets.

8–10 sec → **1 sec**

MANUAL

OCR + AUTO RECORD

–90%
TIME PER SERIAL

MISSION	MARKING	MANUAL	OCR + AUTO RECORD	TIME SAVED
LCBTH.26.0005	Dot peen	8 sec	1 sec	–87.5%
LCBTH.26.0002	Dot peen	8 sec	1 sec	–87.5%
LCBTH.26.0027	Stamped	10 sec	1 sec	–90%
LCBTH.26.0007	Embossed	9 sec	1 sec	–88.9%

Dot peen / stamped / embossed · Barcode / Data Matrix · Internal configuration; supplied mission comparisons.

Shopfloor OCR in use

TRIGO
Global Quality Solutions

OPERATION EXCELLENCE / HYBRID WORKFLOW

A hybrid workflow connects shopfloor capture to customer reports.

Online cloud records + offline Excel support → administrator review → customer report.

Source: supplied OCR capture and MMTH hybrid workflow. Generic icons denote functions, not product logos.

TRIGO
Global Quality Solutions

OPERATION EXCELLENCE / POKA-YOKE

Four controls protect **every inspection record.**

Visual + voice guidance at capture. Administrator review before customer reporting.

Wrong part / serial

Validate against customer list / production plan. Warn on mismatch.

Duplicate scan

Lock out repeated scans. Prevent duplicate counting.

Full box

Voice + popup notification when target quantity is reached.

Review & release

Administrator checks offline + online records before submitting the customer report.

Linked data: Customer • Material • Batch • Order | Missions 04, 29, 31 · Internal configuration + Text-to-Speech support shopfloor use.

Source: supplied error-prevention workflow. Next: two web apps supporting Non-Rayong operations.

TRIGO
Global Quality Solutions

NON-RAYONG OVERVIEW 2026

The two apps.

The Manpower Board plans who goes where. The Inventory & Quality System tracks tools, parts and consumables.

Manpower Board

Plan who goes where

- Drag and drop board
- Capacity grid
- Host on Google Maps

Inventory & Quality

Tools, parts and consumables

- Consumables and cart
- Tools and calibration
- Customer parts

Both run in the browser and install on your phone

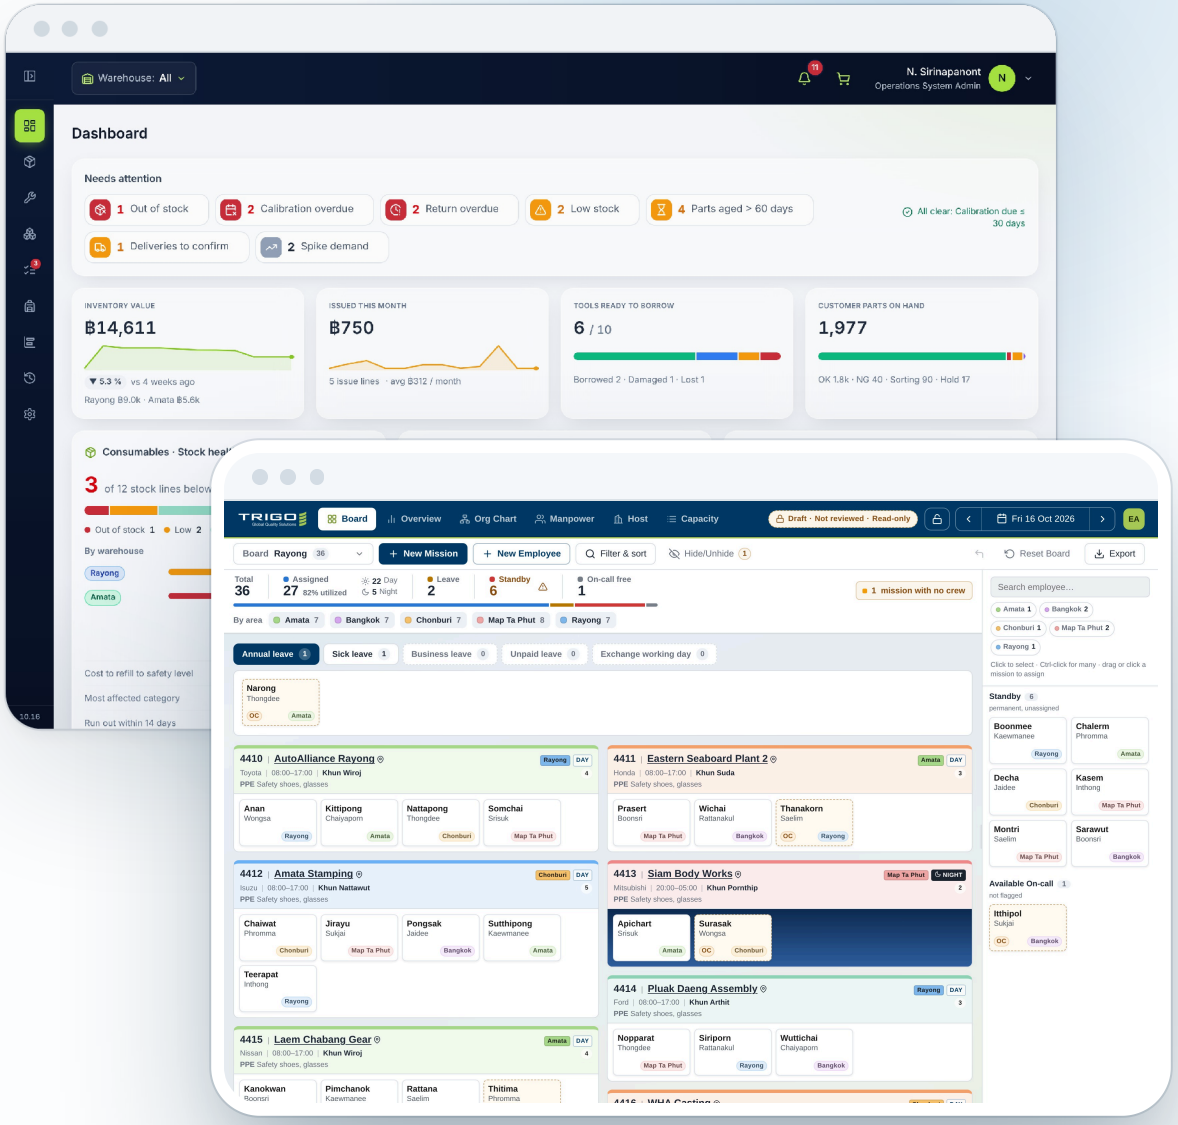

TRIGO
Global Quality Solutions

GLOBAL QUALITY SOLUTION

Two apps for the work we do **every day.**

The Manpower Board plans who goes where. The Inventory & Quality System tracks tools, parts and consumables. Both run in the browser and on your phone.

Manpower Board | Inventory & Quality | On your phone

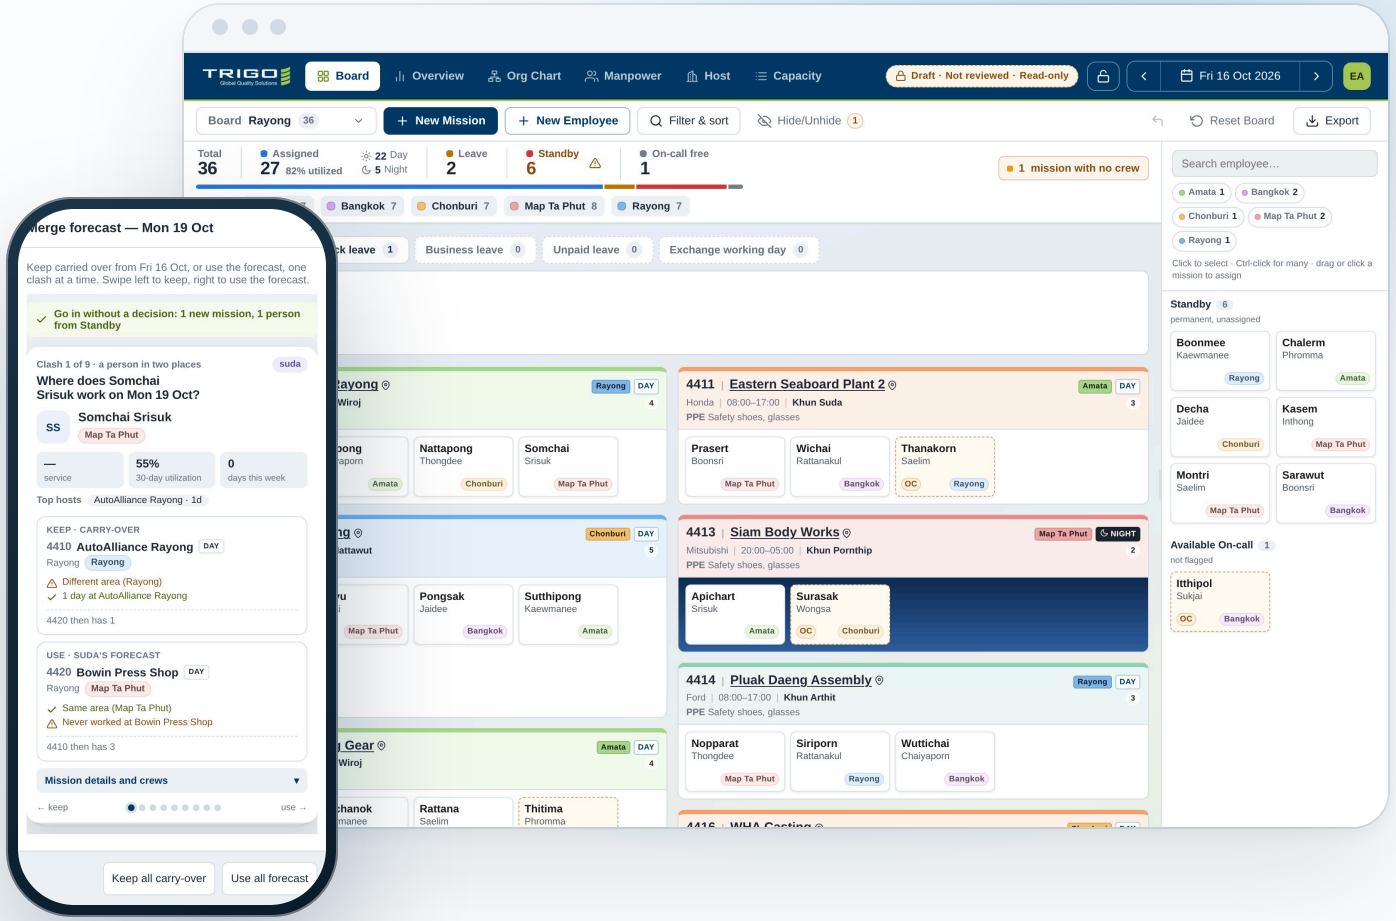

TRIGO
Global Quality Solutions

Manpower Board

APP 1 OF 2

Tomorrow's crew, planned on one board.

The magnet board, made digital. Drag people onto missions, leave or standby, and everyone sees the same plan, live.

Drag and drop planning

One board per site, one card per person

Where to go, what to wear

The host name opens Google Maps; PPE is on the card

Lock a finished plan

Nobody bumps it by accident

TRIGO
Global Quality Solutions

MANPOWER BOARD

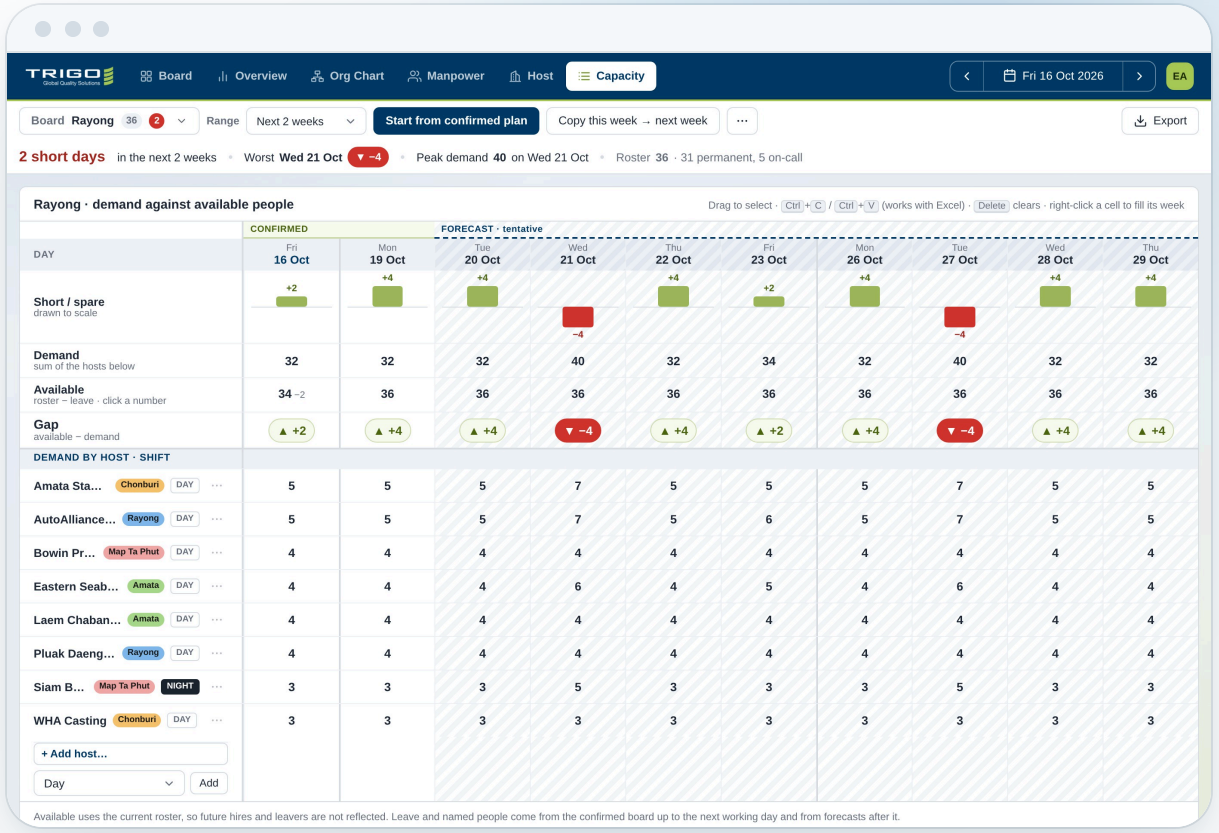

Plan weeks ahead, not just tomorrow.

Carry over the last working day
One click, then change only what moved

Forecast days
Tentative plans kept apart, merged with a side-by-side review

Holds
Take someone another engineer planned and they are told

Export
JPG, PDF and Excel, plus the org chart as PowerPoint

FOR ENGINEERS

Enter the people each host needs per day. The grid shows every short day as you type.

FOR MANAGEMENT

Short days show in red weeks before they happen, with the worst day and peak demand on top.

TRIGO
Global Quality Solutions

MANPOWER BOARD

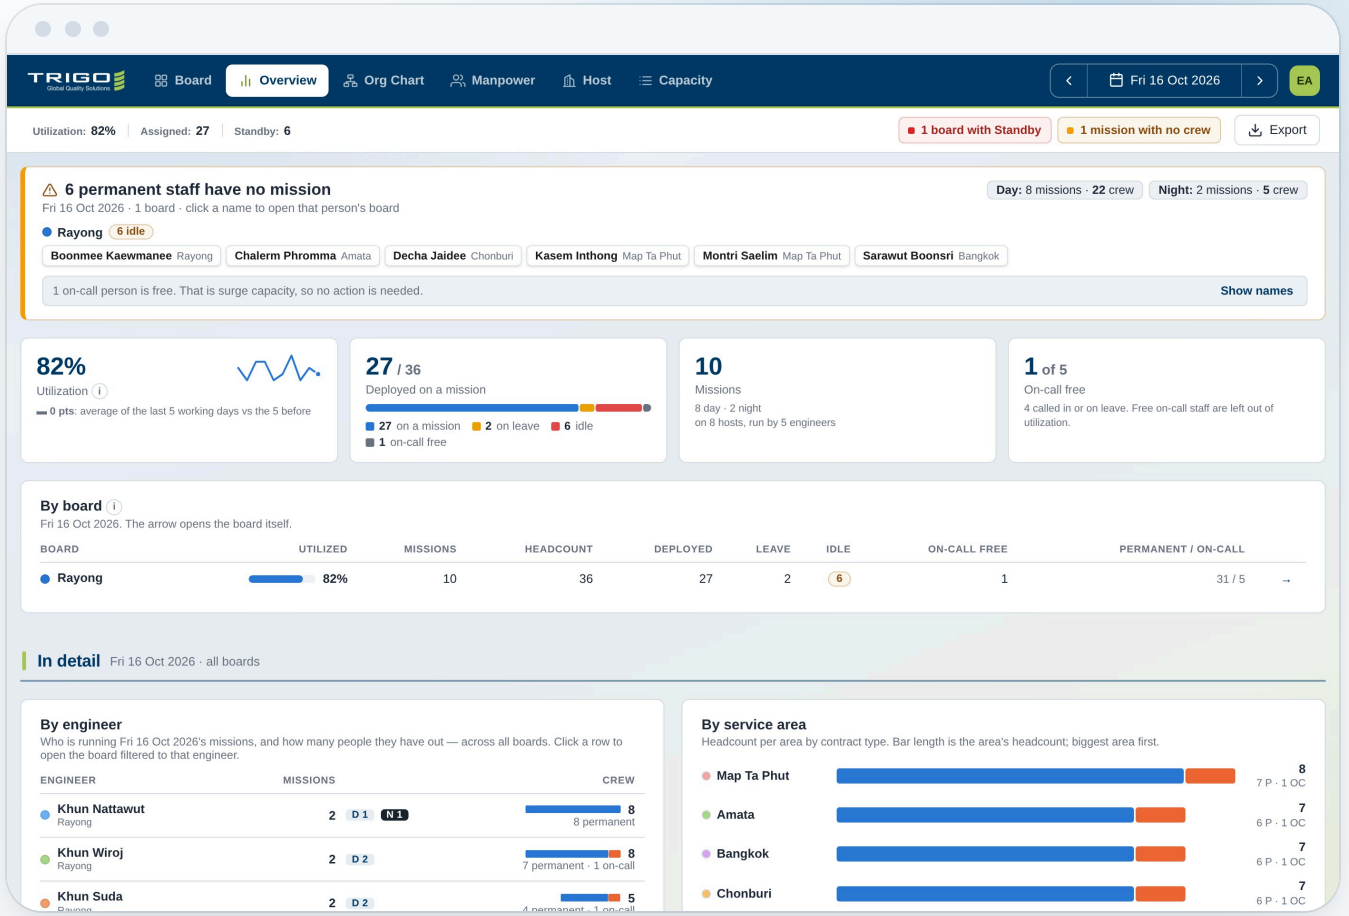

The whole crew in **one view.**

Utilization you can trust
On-call staff who were not called stay out of the figure

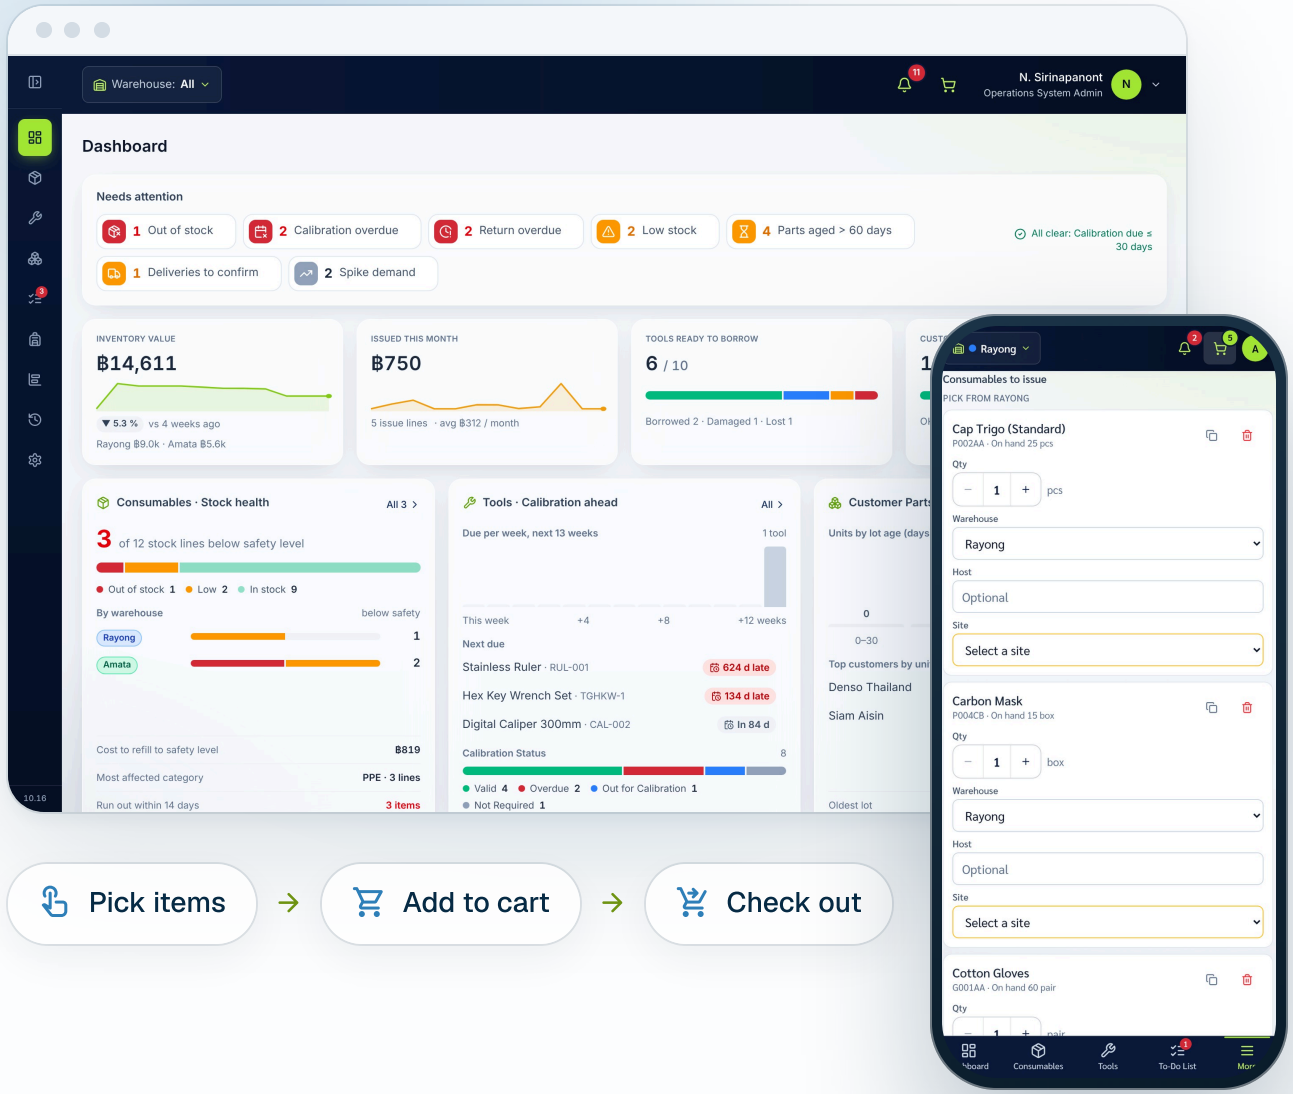

Idle staff named
Permanent staff with no mission, listed by board

By board
Missions, headcount, leave and idle side by side

History and workload
Utilization over time and missions per engineer

TRIGO
Global Quality Solutions

Pick items → Add to cart → Check out

Inventory & Quality System

APP 2 OF 2

Every tool, part and consumable, accounted for.

Consumables
Stock per warehouse against its safety level

Tools & Calibration
Borrow, return and calibration due dates

Customer Parts
OK, NG, Sorting and Hold per lot

To-Do and Audit Trail
Approvals in one queue, every change on record

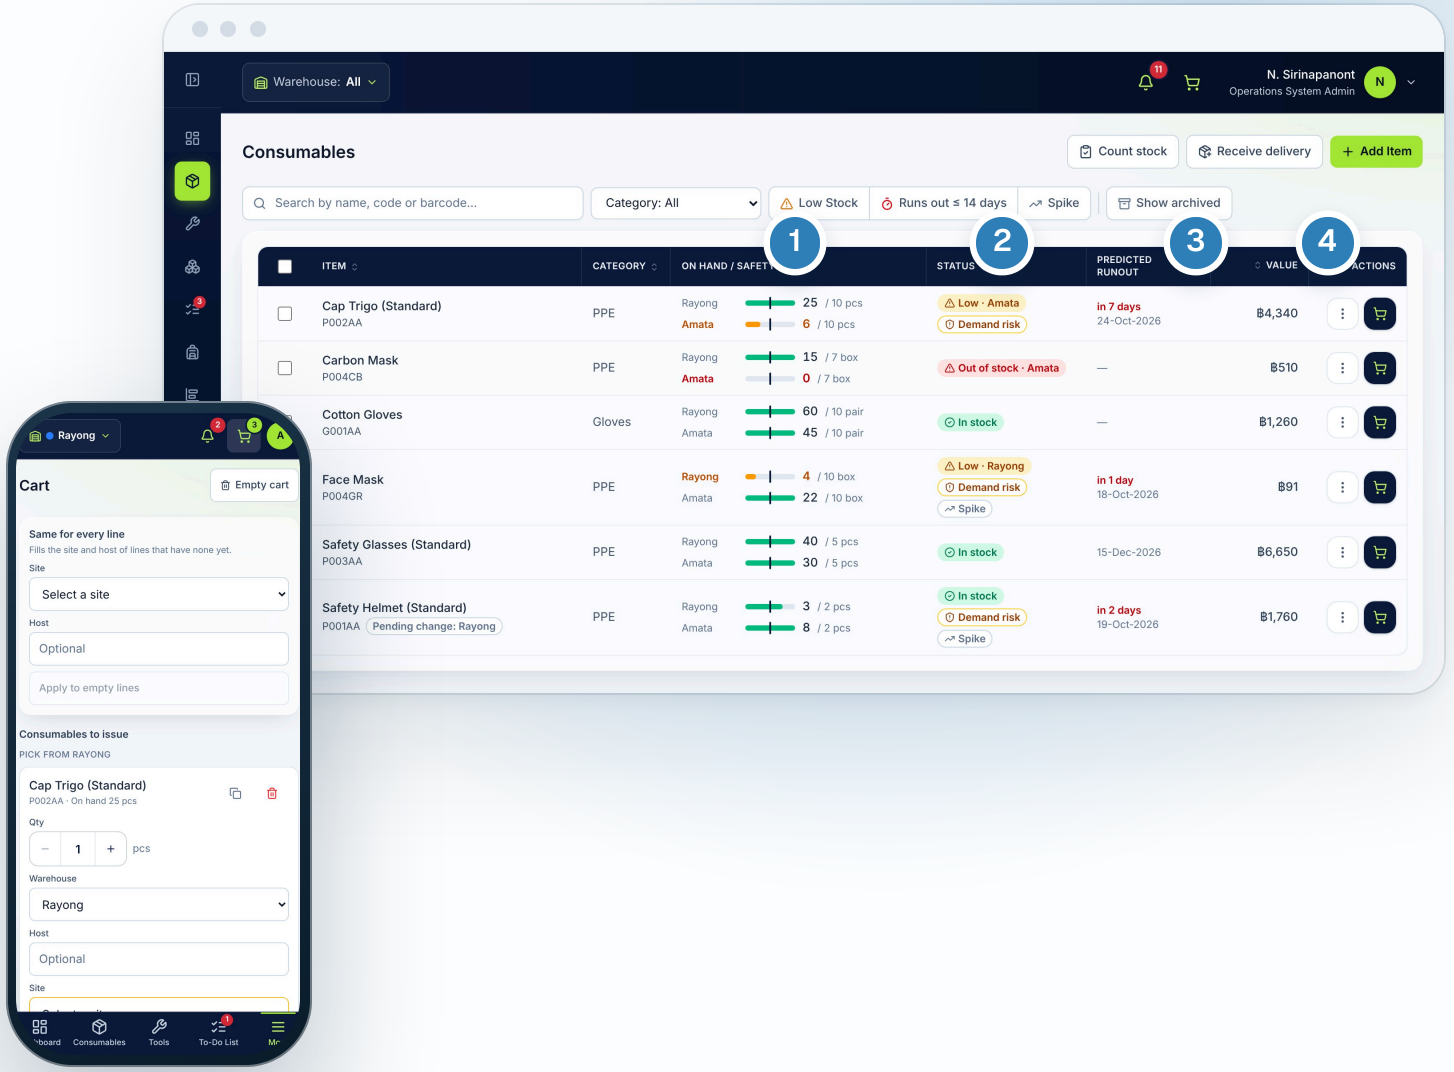

TRIGO
Global Quality Solutions

INVENTORY & QUALITY / CONSUMABLES

Stay above safety stock in every warehouse.

1. **Safety stock per warehouse**
   On hand against the safety level, with a gauge
2. **Clear stock status**
   Out of stock, Low or In stock, warehouse named
3. **Predicted run-out and spikes**
   Days left and demand spikes, before it hurts
4. **Cart for every issue**
   Add items; nothing is sent until you check out

Receive delivery · Count stock · Stock filters

TRIGO
Global Quality Solutions

INVENTORY & QUALITY

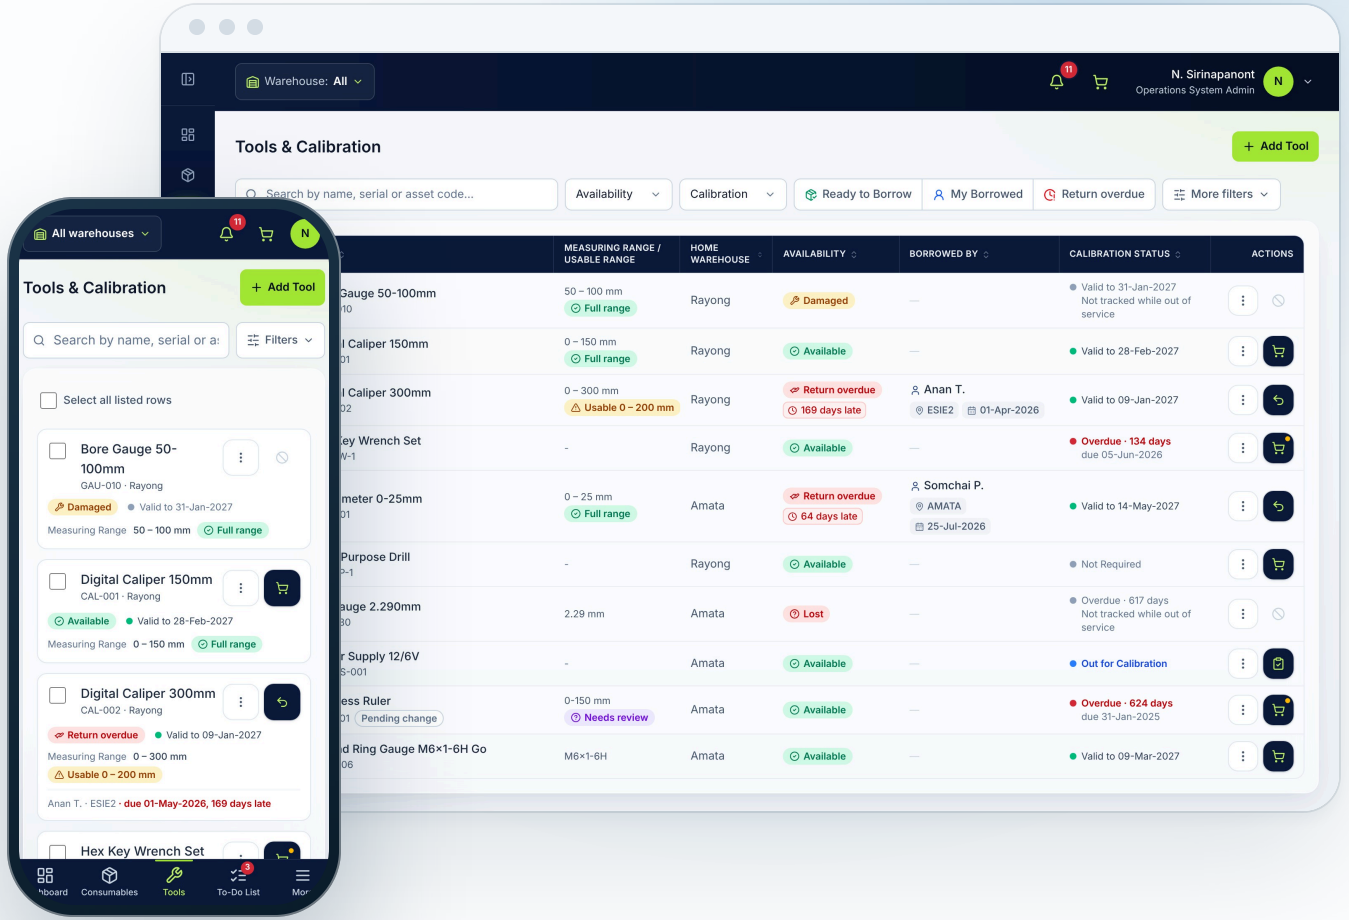

Borrow a tool in a minute.

1 **Find it**
Search, or scan the barcode with your phone camera

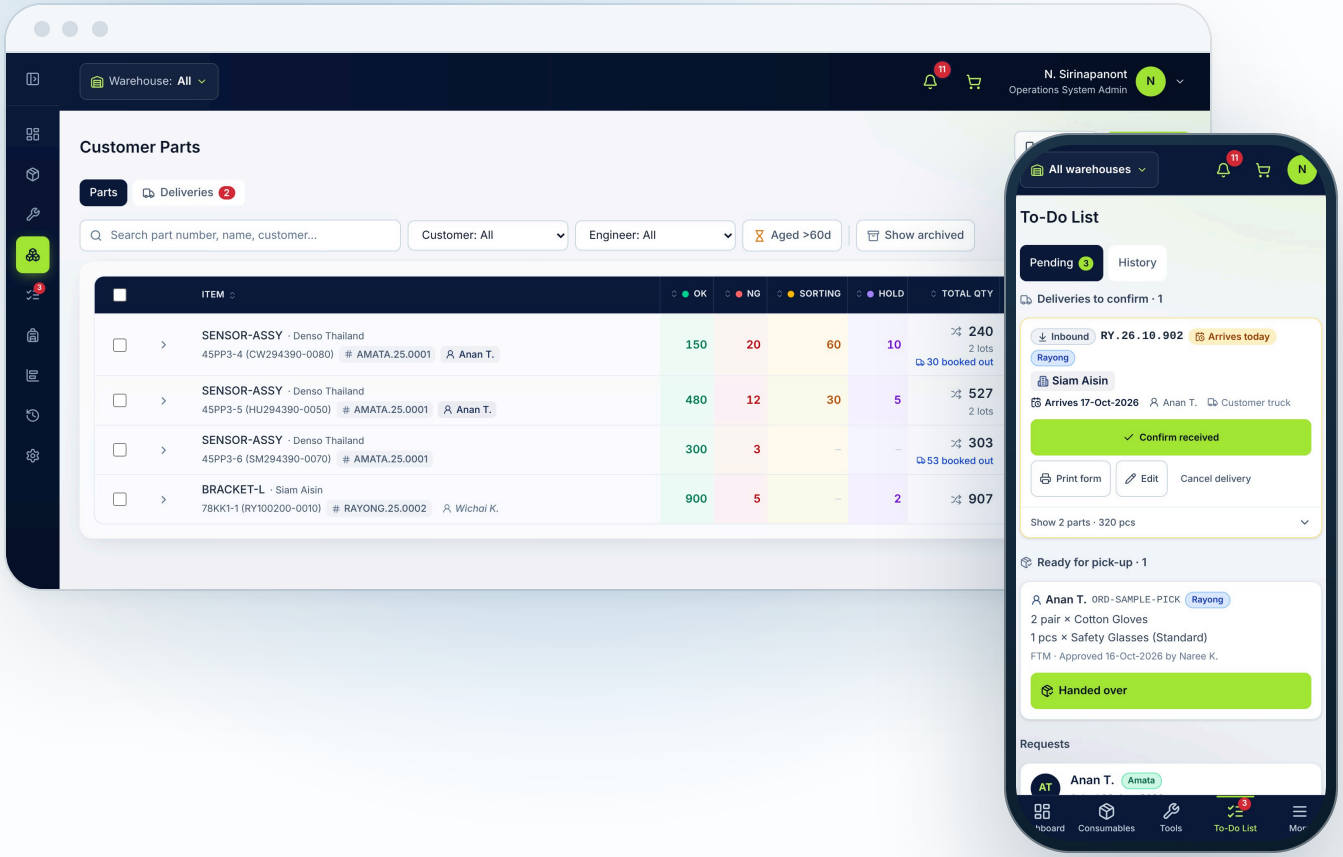

2 **Check it**
Calibration valid-to date and usable range on every tool

3 **Request it**
Add to the cart and send one request

4 **Return it**
Overdue returns are flagged, so nothing goes missing

TRIGO
Global Quality Solutions

INVENTORY & QUALITY

Customer parts, lot by lot.

Inspection status per lot
OK, NG, Sorting and Hold, with the total and the lots

Aged parts flagged
Amber past the aged threshold, red past twice it

Deliveries in and out
Several parts on one Asset In-Out Form; booked stock is reserved

Confirm what really arrived
Actual quantities per line; any difference goes in the log

TRIGO
Global Quality Solutions

ON YOUR PHONE

Both apps fit in your pocket.

Each app has its own phone layout and installs from the browser like a native app. No app store needed.

01 **Scan** the code and sign in with your @trigo-group.com email.

02 **iPhone:** in Safari tap Share, then Add to Home Screen.

03 **Android:** in Chrome tap the menu, then Install app.
